

Oktoberfest is right up my alley. Pretzels and bratwurst? YES, please. I've found a few spots to

celebrate, but folks around here are much more into Halloween (which has NEVER been my holiday, except for my once-a-year Butterfinger fix). The Shoreline isn't all about summer; I've rounded up a few fun things to do, with kiddies and without, in the coming weeks.

Love,
Erica

Cheshire Academy

One of the oldest independent boarding schools in the country, Cheshire Academy stands out for delivering an internationally minded education the challenges students to maximize their potential and develop the confidence, character, and critical thinking skills to thrive as global citizens, in college and beyond.

Cheshire Academy now stands out for another reason: We are the first independent school in Connecticut to lower tuition, reducing day tuition by nearly a third and boarding tuition by 10%.

In addition to supporting current Cheshire Academy families, lowering tuition makes the life-changing experience of a CA education more affordable, and accessible, for a greater number of families in the region, while also increasing the diversity and caliber of our student body.

Since 1794, Cheshire Academy has been innovating and thriving as it meets the evolving needs of students from the U.S. and around the world.

Once again, in our third century, we are historically ahead of our time.
